

MOUD Anti-Stigma Webinar Series SAVE THE DATE

Webinar Series | February 4 - March 4, 2021

Every other Thursday from 1:00 p.m. - 2:30 p.m. EST

Brought to you by the [Central East ATTC](#) and the [Anne Arundel County Department of Health](#)

Series Goal: Stigma and Medication for Opioid Use Disorder (MOUD) is a three-part training series. Anne Arundel County and The Danya Institute present a three-part anti-stigma training series on MOUD. Each series will address and debunk popular beliefs and myths about opioid prescribing, such as the Drug Enforcement Administration's (DEA) involvement. We would like to welcome MOUD prescribers, nurse practitioners, case managers, social workers and all potential MOUD prescribers in hopes of increasing the number of active MOUD medication-assisted treatment (MAT) prescribers and to increase the knowledge, understanding and value of MOUD treatment.

Session 1: Interactions and Challenges with the DEA

Date: February 4, 2021

Learning Objectives:

- Explain the DEA official involvement with MOUD prescribers
- Explain how waiver providers will interact with the DEA
- Explain what trigger contact is with the DEA as MOUD prescribers
- Provide an overview of the number of MOUD prescribers

Explore the major concerns expressed by physicians

Session 3: Myths on the Stigma of MOUD

Date: March 4, 2021

Learning Objectives:

- The medication works and saves lives
- Not a substitute for another medication
